

APPENDIX 2

Decanting Pupils from Upton

Assuming Closure July 2006

Upton St James		
Year Group	Pupils	Action
Reception	15	sufficient spaces predicted at St Margarets and Ellacombe
Year One	21	17 spaces at St Margarets, 24 spaces at Ellacombe
Year Two	28	7 spaces available at St Margarets 25 spaces at Ellacombe
Year Three	20	17 places available at St Margarets 19 spaces at Ellacombe
Year Four	28	transfer as single class to St Margarets
Year Five	29	transfer as a single class to Ellacombe
Year Six	31	transfer to secondary education as normal

Notes

Number on roll at Upton is a forecast. It assumes that the school roll will not grow significantly between now and July 2006.

Ellacombe would admit up to 97 pupils in September 2006. Roll rises from 249 to 346. School Capacity is 420.

St Margarets would admit up to 69 pupils in September 2006. Roll rises from 302 to 371. School Capacity is 420.

The additional classes created at Ellacombe and St Margarets would be additional classes i.e. over and above the school's normal Planned Admission Number.

Other schools also have spaces which extends the scope for parental preference across all year groups, including Years Four and Five. Parents will have a wider choice of schools than Ellacombe and St Margarets. The above plan is simply to indicate that there is a sufficiency of places to decant pupils.
