#### **Information**

The Cabinet considered the following motion in relation to vision rehabilitation services notice of which was given in accordance with Standing Order A14:

Vision Rehabilitation services should fully meet the needs of blind and partially sighted people.

Effective vision rehabilitation services are important, as advocated for by the Royal National Institute of Blind People (RNIB).

Vision rehabilitation is provided as part of local authority tertiary prevention services, aimed at minimising the impact of an impairment, and supporting people to regain skills and manage or reduce need where possible. Good vision rehabilitation sessions provide crucial daily living and mobility skills, training blind or partially sighted people how to live in their homes safely and how to get out and about with confidence, offering lifesaving support at what can be a traumatic time in someone's life. We must ensure not only that support is being routinely offered to people in a timely manner, but that the offer is fit for purpose.

Every person with sight loss should receive timely, fully effective vision rehabilitation whenever they need it.

The Cabinet are requested to instruct the Director of Adult and Community Services to review the vision rehabilitation services in Torbay, should the review highlight financial investment is required the Director of Adult and Community Services be requested to make

recommendations to the Cabinet for consideration during the 2025/2026 budget process.

At the meeting Councillor Tranter proposed and Councillor Jackie Thomas seconded a motion that was agreed unanimously by the Cabinet, as set out above.
