Torbay and Southern Devon Health and Care

Preventative Community Project/Community Hub Action Plan: Lead C Timmon (CT)

1. To pilot a preventative (early intervention) community team in the geographical areas of Hele and Watcombe Torbay.					
	Action	Completi on date	Responsible lead		
1.1	Integrating and amalgamating Health Visitors, School Nurses, Midwives and Lifestyle Workers into the local community and community services (piloting the delivery of health services from community venues, such as the Acorn Centre and the Watcombe Community Centre,)	31.3.13 On going	CT/coordin ator		
1.2	Agreeing the focus, functions and common systems of the Community Hub team with the multi-agency team.	31.3.13	СТ		
1.3	Develop the staff and pilot new ways of working, to accommodate the needs of the pilot service and service user.	31.3.13	CT/coordin ator/T/L		
1.4	Develop a "record log" to capture a variety of change aspects during the pilot, such as change in ways of working, issues and risk identified/encountered and attempting to capture the community spirit. This should be completed periodically (weekly) and owned / governed by the team coordinator and presented to the steering group.	30.6.13	CT/coordin ator		
	 To pilot a service model to deliver a community capacity buildir partnership with the Hele and Watcombe communities and oth the health outcomes to children and young people 				
	Action	Completi on date	Responsible lead		
2.2	Identify the needs of the community in relation to current gaps in service delivery and identify a system / process/ service to address that need.	31.3.13	CT/coordin ator/T/L		
2.3	Build on community strengths, capacity and relationships. To further develop opportunities for volunteers in the service provision.	31.3.13	CT/coordin ator		
2.4	Investigate the potential to reduce the duplication in service delivery (e.g. the amalgamation of the 2 year early years review with the 2.5 healthy child HV review) to deliver an integrated services with early year providers.	31.3.13	CT/Early Years Manager		
2.5	Use closer relationships with partners to identify early when	31.3.13	CT/coordin
