This Council notes:

- All local Authorities face very difficult financial decisions in the next few years. In 2016-17 Torbay will Face a £13.5M cut in government grant.
- That officers have developed new members IT offer, post local elections will be iPads. At a cost to the Council of £16.000.
- Elected Members being in receipt of iPads post elections will send a negative message to the public.

This Council instructs officers to:

- Develop a scheme where members would buy their iPads over the term of the Council by deductions from their allowances. Which result in a saving for the public purse.
