

With reference to the premises application license for 31 Abbey Road, Torquay (The Kids Party Room), I would like to object to the closing times stated on the application.

As a family living above the mentioned premises, I do not feel that a finishing time of 9.00 PM is justified.

I do not think it fitting to endure the constant sound of loud music, coming from the play rooms below. The bouncy castle directly beneath us, as a big impact on our floor causing it to bounce significantly when the children are using it.

While I would like to state again, I am not against the license

only the times of the party's 9.00 PM finish.

I feel 6/7 PM would be a more appropriate finishing time, when considering my family live directly above.
