Public Question Under Standing Order A24

<b>Question from Jo Corrall to the Elected Mayor and Executive Lead for Assets, Finance, Governance and Corporate Services, Economic Regeneration and Transformation (Elected Mayor Oliver)</b>	<b>Given the commitment to reduce greenhouse gas emissions of both our national government and Torbay Council, and in light of the recent IPCC report outlining the urgent need for action in order to avoid the catastrophic worst effects of climate change, does the council have any compelling reason not to divest its funds from investments in the fossil fuel industry?</b>
