Torbay Council Licensing Section

Dear Sirs,

Licensing Act 2003

RE: The Waters Edge Hotel, Torbay Road, Torquay

Application to Torbay Council for the variation of a premises license in respect of:

“Live and recorded music and facilities for dancing”

I object to the grant of license for the above activities (hitherto carried out unlicensed) for reasons stated in my previous letters to the licensing section dated 10 October 2011 and 15 May 2012, further copies of which are enclosed.

I confirm my objection to the siting of tables and chairs within the canopied area adjacent to the hotel entrance: These clearly encourage residents to congregate therein indefinitely, resulting in noise nuisance into the early hours.

This is unacceptable and I would expect the hotel proprietors to eliminate future nuisance by actively preventing such gatherings.

Yours sincerely,

Dear Mr Noble,

Further to my telephone call on 11 May regarding high volume music disturbance emanating from the Waters Edge hotel on most Tuesday, Thursday and Saturday nights.

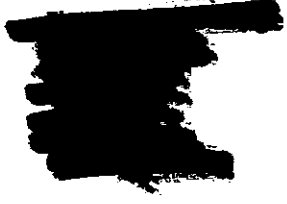

Whilst I have now had a cordial conversation with Thomas Ward the manager, the problem remains unresolved.

I should be pleased if you would take this matter up with the owner on our behalf with a view to eliminating the nuisance.

Yours sincerely,

Dear Karen,

RE: Waters Edge Hotel, Torbay Road

Further to our phone conversation on 6 October.

The hotel provides live music for residents on most Tuesday, Thursday and Saturday nights until around 11pm. The noise levels are such that we are required to increase the volume on our TV etc accordingly.

Post 11pm residents congregate for varying lengths of time within an open fronted roofed structure attached to the hotel entrance. Their conversations etc are clearly audible ^{FROM} from our bedroom, some 10 metres from the structure. We were awakened at 3am on Sunday 2 October by similar activity.

I look forward to your response.

Yours sincerely
