

Insurance School Journeys Abroad Emergency Medical Contact Procedures and Information

Torbay Council has arranged a School Journey policy to cover school trips abroad.

The policy operates in much the same way as the travel insurance you take out for your own personal holidays and covers such things as medical expenses incurred following an accident or illness, Personal Accident cover, Personal Effects and Money and Cancellation cover, all subject to the usual policy terms and conditions.

Most schools will already have the medical emergency contact details for situations which may arise during school trips abroad, but in case these are not already to hand the attached details should be provided to all group leaders undertaking school trips.

Please find attached:

- Medical Emergency Procedures
- Emergency Help Line Numbers

This information has already been forwarded to you – Circular Reference 016/2006 refers. This copy is for the school handbook for reference purposes only.
