Sir

I am writing in full and unqualified support for the Torquay Neighbourhood Plan currently out for consultation and would like to register my wholehearted support for the submissions version of this document.

I believe that, being in full conformity with the Local Plan, this Neighbourhood Plan should receive the full and undiluted backing of Torbay Council and move through to inspection and adoption as soon as possible.

This document represents years of hard work and effort by dedicated teams of residents of Torbay, and as such, and as required by the Localism Bill 2011, should reflect the views of the residents of the Bay.

Yours faithfully

Christine Davies
