If an applicant applying for an event/events, applies for a number of days within a given time period, even if those days are not consecutive or not at the same location then the charge will be based upon total number of days applied for. However this cannot be done in retrospect.

Community Partnership Events applications can be co-ordinated using the same criteria, even if the events are run by different Community Partnerships.

One Street Trading Consent can then be issued for all those events applied for and they will be listed within the Consent.

Local Community Street Trading Events (i.e. friend of park etc.) where the purpose is charitable, but where stall holders only pay a contribution for charitable purposes - (with agreement from Council)

Larger Community Street Trading Events (i.e. Carnivals, BMAD etc.) where the purpose is charitable, but where stall holders only pay a contribution for charitable purposes - (with agreement from Council)

Council Event, run by the Events Team (as opposed to an event support by TBC)

Charitable Street Trading Events, where ALL money raised is for charitable purposes - Free (with agreement from Council)

Fees for cross boundary applications

Where an application crosses one or more local or district planning authorities, the Planning Portal fee calculator will only calculate a cross boundary application fee as 150% of the fee that would have been payable if there had only been one application to a single authority covering the site. If the fee for this divided site is smaller when the sum of the fees payable for each part of the site are calculated separately, you will need to contact the lead local authority to discuss the fee for this divided site.

The fee should go to the authority that contains the larger part of the application site.
