**Subject:** Comments on the Torbay Local Plan

Sir,

We wish to express our objection to the propose proposed building of 8900 new homes as detailed in the Torbay Local Plan. It seems absolute folly and would have a devastating effect on the local environment.

Where are the people who are going to live in these houses. If by chance all these houses are occupied, where will such an influx of people work and can the Torbay infra structure support such an increase in the population of approximately 18000 adults and 25000 children.

Rob and Pat Berry
