

Monitoring and evaluating professional development: a checklist

Use these questions to help you evaluate and move forward your practice:

- What methods are used to monitor the CPD undertaken?
- How is the quality of CPD evaluated?
- How do you examine the short term and longer-term effects of CPD?
- What measures are used to evaluate impact - effects on staff, pupils and school?
- How is the information gathered?
- Who shares and discusses this impact?
- How are the outcomes of CPD disseminated?
- How is the information about impact used to influence school planning?
- What attention is paid to Best Value and Value for Money principles?
