1. Key points and Summary

- 1.1 This report provides Members with projections of income and expenditure for the year 2007/08 compared with approved budgets.
- 1.2 This report identifies the overall budgetary position for Marine Services as at end of April 2007 to enable appropriate action to contain expenditure and maintain reserves at appropriate levels.
- 1.3 The Committee is asked to note the amended outturn positions of the two harbour accounts and the resulting change in reserve movements.
- 1.4 The Committee is asked to note the Director of Marine Service's use of delegated powers to make decisions in relation to the budget allocated to Marine Services.
- 1.5 The Torquay and Paignton Harbours budget expenditure is expected to exceed the original budget within repairs and maintenance due to the rendering of The Harbour Lights Restaurant however it is too early to estimate the full impact.
- 1.6 The Brixham Harbour expenditure budget has been increased to reflect the unspent legal charges and conveyancing fees provided for in 2006/07. The income is expected to exceed the original budget within fish tolls, this is based on the 2006/07 outturn figures. Further details can be found at Appendix 1.
