

TORBAY COUNCIL

Report No: **Env/44/04 and MD/15/04**

Title: **Review of Dog Control Byelaws**

To: Council

on 26 August 2004

1. Purpose

- 1.1 This Report is presented to enable Members to consider the proposed amendments to the Dog Control Byelaws for Torbay, to advise Members of the result of consultation as to a Dogs on Leads Byelaw in respect of Cricketfield Playing Field, Barton and to advise Members of an anomaly that has arisen in relation to the Record of Decision regarding amended Dog Control Byelaws for Torbay approved by Members at the Executive Meeting held on 14 October, 2003.
- 1.2 To make a fresh Resolution in accordance with the recommendations set out in 3.1 to 3.5 hereunder. With Members' agreement the appropriate formal procedures can then be commenced.

2. Relationship to Corporate Priorities

- 2.1 The Dog Control Byelaws relate to dogs being kept on leads, or prohibited from recreational land and is the responsibility of the Council. These measures contribute to our Risk Management Arrangements, public safety, the control of dog fouling and must relate to the same priorities of Community Safety and Protecting and Enhancing Torbay's environment.

3. Recommendation

- 3.1 That in relation to Cricketfield Playing Field, Barton and following consultation with local residents, users of the field and local sports clubs, a Dogs on Lead Byelaw be approved.
- 3.2 That the current Byelaw prohibiting dogs in relation to Windmill Hill Playing Field, Windmill Hill, Higher Audley Avenue, Torquay, be amended to take account of the new dog exercise area that has been constructed.
- 3.3 That, otherwise, the amendments and extensions to the Dog Control Byelaws for Torbay, as set out in Appendix 1 to Report ENV/120/03 be approved.
- 3.4 That Members resolve to formally make the draft Byelaws approved in 3.1 to 3.3 above and authorise the Proper Officer and Authorised Signatory to seal (properly attested) and date the Byelaws on behalf of the Council.
- 3.5 That Members further resolve that the Byelaws be advertised in accordance with recommendations of DEFRA and that after the required period of deposit be sent to the Secretary of State for possible confirmation.

4. Reason for Recommendation

- 4.1 To enable the Council to respond to requests for the extension of measures to control dogs and to ensure that amending Byelaws are made by Council rather than erroneously by the Executive.

5. Background

- 5.1 On 14 October 2003 Report ENV/120/03 (attached as Appendix 1 to this Report) the Executive Committee recommended a number of amendments and extensions to the Council's Pleasure Grounds and Open Spaces Dog Byelaws which, with the exception of Cricketfield Road Playing Field, Cricketfield Road, Barton, are set out at Appendix 1 to the Report ENV/120/03.
- 5.2 A further recommendation in that Report concerned the making of an Order under Section 27 of the Road Traffic Act 1988 for the designation of further roads within Torbay where dogs would be required to be kept on leads.
- 5.3 As the Council's Constitution was silent as to whether the proposed Dogs on Roads Order should be an Executive or Council – side function, it was correctly addressed to the Executive. It was logical in dealing with a number of dog-related matters at the same time to send them all, including the proposed Bye-Law amendments to the same forum, but unfortunately it was overlooked that Byelaws are specifically a Council – side function and should have gone to Council for resolution.
- 5.4 On 14 October 2003 Executive Members resolved by Record of Decision (attached as Appendix B to this Report) to further consult upon Cricketfield Playing Field, Barton as to a Dogs on Lead Byelaw, in relation to Windmill Hill Playing Field, Windmill Hill, Higher Audley Avenue, Torquay to take account of the new dog exercise area that had been constructed, to approve the amendments and extensions to the Council's current dog control Byelaws for Pleasure Grounds and Open Spaces as set out in Appendix 1 to Report ENV/120/03 and that a Dogs on Leads Order be made under Section 27 of the Road Traffic Act 1988 covering those roads identified in Appendix 1 to that Report.
- 5.5 The results of the consultation on Cricket Field Road Playing Field are reported in section 4 of this report and copies of the letters of representation received have been placed in the members room .
- 5.6 As the Record of Decision following the Executive meeting of 14 October, 2003 is incorrectly made in relation to the Dog Control Bye-Laws it is necessary for Council Members to reconsider the proposals.

6 Alternative Options (if any)

- 6.1 None

Mike Yeo
Director of Environment Services

Bill Norman
Assistant Managing Director

IMPLICATIONS, CONSULTATION AND OTHER INFORMATION

Part 1

These sections may be completed by the Report author but must be agreed by named officers in the Legal, Finance, Human Resources and Property Divisions. If these are not completed and agreed the Report will not be included on the agenda.

Does the proposal have implications for the following issues?

Insert name of
responsible officer

Legal (including Human Rights)	Legal involvement in the formation of the dog byelaws and order, and their subsequent enforcement	Stephen Pryor
Financial – Revenue	Costs for advertising, signage and works to one site as outlined in report Env/120/03	Adrian O'Rourke
Financial – Capital Plan	None	Lynette Royce
Human resources (including equal opportunities)	None	Geoff Williams
Property	The future of the Cricketfield Road Playing Field is currently under discussion with Barton Cricket and Social Club'	Sam Partridge

Part 2

These sections must be completed by the author of the Report.

Does the proposal have implications for the following issues?		
Please give details as appropriate		
Sustainability	Yes or No	Yes. Minor sustainability impact but the control of dogs and dog fouling is a significant consideration for quality of life and the use of public open space for a range of activities
Crime and Disorder	Yes or No	Yes. The control of dogs and dog fouling is of significant importance to the residents of Torbay and failure to comply with the requirements of the byelaws or orders is a criminal offence.
*OfSTED Post Inspection Action Plan	Yes or No	No
*Social Services Action Plan	Yes or No	No
*Change Management Plan	Yes or No	no

* not applicable to reports to Licensing, Development Control and Area Development Committees

Part 3

These sections must be completed by the author of the Report.

Does the proposal have implications for the following Directorates? If so, please inform the relevant Director.		
Please give details as appropriate		
Chief Executive/Corporate Services	Yes or No	Yes. Drafting of byelaws and orders, progressing byelaws and orders through the statutory process and acting for the Council in legal enforcement

		actions.
Education Services	Yes or No	No
Environment Services	Yes or No	Yes
Social Services	Yes or No	No
Strategic Services	Yes or No	No

Part 4

Is the proposal contrary to or does it propose amendment to the Policy Framework or contrary to (or not wholly in accordance with) the Council's budget?	No Fill in Box 1	No Fill in Box 2
1. Details of the nature and extent of consultation with stakeholders and relevant select committees. 1. Dogs on Lead Bye-law for Cricketfield Road Playing Field. There was significant press reporting of the proposals and the time of the Executive Committee in October 2003, which gave rise to telephone and written enquiries from members of the public. Discussions have been held with Barton Cricket Club who use the Playing field as a base for their cricket club. Notices were erected at Cricketfield Road Playing Field in April and July 2003 inviting comments upon the proposals.		
2. Details and outcome of consultation, as appropriate. 1. Barton Cricket Club support the imposition of the requirement to keep dogs on a lead. The playing field is already subject to the requirements of the Dogs (Fouling of Land) Act 1996 – requiring owners to clean up after their dogs forthwith – and consider that requiring dogs to be kept on a lead will increase the likelihood that this cleaning up will be carried out. The Club also submitted a letter (a copy of which is available in the members room) detailing another team that uses the playing field for home cricket fixtures, and two football clubs that use the playing field in the winter for matches or training. 2. Written representations have been received from nine individuals who wish to oppose the making of the Dogs on Leads Controls. Copies of these letters have been placed in the Members room. Their views are strongly argued and include their belief that the exercising of dogs on the playing field does not present a problem, the value of the playing field as an amenity space to the neighbourhood upon which dogs can be freely exercised and a concern that this measure would be the start of an increasing number of measure that would restrict general public access to the playing field.		

Part 5

Is the proposal a Key Decision in relation to an Executive function?	no	Reference Number	No
--	----	------------------	----

TORBAY COUNCIL

Report No: **Env/120/03**

Title: Review of Control of Dogs on Roads Orders and Dog Control Byelaws.

To: Executive on 14th October 2003

1. Purpose

- 1.1 This report is presented to enable members to consider the proposed amendments to the Control of Dogs on Roads Orders and the Dog Control Byelaws for Torbay. With Members' agreement, the appropriate formal procedures and public consultation on the proposals can then be commenced.

2. Relationship to Corporate Priorities

- 2.1 The Control of Dogs Order relates to dogs being kept on a lead when it is on a designated road. This is a measure that has implications for road safety, public safety and the control of dog fouling, and therefore makes a significant contribution to Community Safety and Protecting and Enhancing Torbay's environment.
- 2.2 The Dog Control Byelaws relate to dogs being kept on leads or prohibited from recreational land that is the responsibility of the Council. These measures contribute to our Risk Management arrangements, public safety and the control of dog fouling, and thus relate to the same priorities of to Community Safety and Protecting and Enhancing Torbay's environment.

3. Recommendation

- 3.1 Members to consider the proposed options for Cricketfield Road Playing Field, Cricketfield Road Barton, and to give direction to officers to progress the approved option.
- 3.2 That the proposed amendments and extensions to the Dog Control Byelaws for Torbay, detailed in appendix 1 to this report are agreed.
- 3.3 Approve the amendment to the Byelaw Prohibiting Dogs that is in effect at Windmill Hill Playing Field, Windmill Hill, Higher Audley Avenue, Torquay, to change the boundary to take account the dog exercising area that has now been constructed.
- 3.4 To agree the making of an order, under section 27 of the Road Traffic Act 1988, for the designation of the roads, detailed in appendix 1 to this report, to require dogs to be kept on a lead on those roads.

4. Reason for Recommendation

- 4.1 To enable the Council to respond to requests for the extension of measures to control dogs and to update existing measures to reflect the development of new roads that has taken place in Torbay.

5. Background

5.1 Cricketfield Road Playing Field, Torquay.

Cricketfield Road Playing Field is owned by the Council is used for a number of functions. It is public open space, and is well used by local and other Torbay residents for informal sports and recreation, and for exercising their dogs.

5.2 The playing field is also used by Barton Cricket Club, for it's cricket matches, and Upton Athletic Football Club, for it's football matches. These two clubs have made representations to the Council about the dog faeces that affects the playing surface when they come to play their matches and we would therefore ask Members to consider the imposition of byelaws prohibiting dogs from the playing field.

5.3 The use of the playing field by these clubs is subject to leases issued by the Council, and lease matters are not the subject of this report.

5.4 Sports playing fields are also public open spaces but Torbay Council has endeavoured to impose 'dog ban' controls to protect sports pitches from dog fouling. These controls can be imposed where the pitch is gated and fenced. Sports pitches are subject to 'poop scoop' requirements, imposed by the Councils' adoption of the provisions of the Dogs (Fouling of Land) Act 1996, and most responsible dogs owners using the Cricketfield Road Playing Field clean up after their dogs.

5.5 However, some faeces is not removed and this poses a problem to the users of the sports pitches, who are finding that visiting teams and sporting authorities are becoming increasingly concerned about dog fouling.

5.6 Cricketfield Road Playing Field is completely enclosed by fencing, hedges and is suitable for the imposition of a byelaw prohibiting dogs from the playing field. This would pose an enforcement problem, but dog ban requirements tend to be easier to enforce than poop-scoop controls.

5.7 Concern has been expressed that there is a public right of way across the playing field and dog bans cannot be applied to public rights of way. If there is a right of way crossing an area where a dog ban is proposed, then a right of way must be fenced off or otherwise made separate from the ban area.

5.8 It is our understanding that the playing field does not include a public right of way and so this would not be a consideration at this site.

5.9 It would also have to be borne in mind that all dogs, other than guide dogs being used by the owner, would be banned from the site. Therefore cricket and football club members or spectators would not be able to bring their dogs to the area on match or practice days.

5.10 It is likely that there will be considerable public opposition to the imposition of a dog ban on these playing fields, and several, lengthy letters of protest have already been received.

5.11 Members of the public would also be able make representations to DEFRA, if the decision was made to proceed with the imposition of the byelaws.

5.12 Members may wish to consider the imposition of a byelaw requiring dogs to be kept on a lead when they are using the playing fields. This will not stop the problem caused by dog fouling, if owners still fail to clean up after their dogs, but will increase the control over the

dogs, and give the owners less excuse for not cleaning up.

- 5.13 Imposition of a 'dogs on lead' requirement would increase control over potential dog fouling, but would not prevent fouling to sensitive parts of the playing pitch, and would not prevent contamination of outfield, and other grassed areas, such as at the base of hedges, maintaining an aesthetic and potential health problem.
- 5.14 There is a view that use of land as an organised sporting venue, cricket, football, rugby etc, is incompatible with that land also being used for the exercising of dogs. Wherever sports pitches can be completely enclosed by a fence, they should be, and dogs prohibited from the land. This measure would still leave large areas of open land available for the exercising of dogs, and Windmill Hill is available very close to Cricket field Road for the exercising of dogs in this part of Torquay.
- 5.15 Cary Park, Cary Avenue, Palermo Road, Torquay.**
This Park contains a children's play area which is subject to a byelaw prohibiting dogs. The rest of the park, which is not completely fenced, hedged and gated, was not used by dog owners and an informal dog ban operated in the park. This has changed recently, and more dogs are using the park, leading to a dog fouling problem which is adversely affecting the use of the park.
- 5.16 There are facilities nearby for dog owners to exercise their dogs and the imposition of the ban will be of significant benefit to the local community.
- 5.17 Windmill Hill Playing Field, Higher Audley Avenue, Torquay**
This playing field is currently subject to byelaws prohibiting dogs, however a new dog exercise area has been developed within the original boundary of the site. The matter is being brought forward so the boundary of the dog prohibition area can be amended to take account of the new exercise area.
- 5.18 Amenity and Sports Areas, Lower Ellacombe Park (Brewery Park), Torquay**
Lower Ellacombe Park (Brewery Park) already contains a children's play area that is subject to dog prohibition byelaws. The larger park area has been subject to redevelopment that now includes a fenced 'kick about' area, amenity area and dog exercise area.
- 5.19 The area is being brought forward in this report for consideration to be given to applying dog prohibition controls to the kick-about and amenity areas.
- 5.20 Conservation Area, Youngs Park, Goodrington.**
An area within Youngs Park, Goodrington is home to a variety of bird life and is to be developed as a wildlife conservation area. The area will be fenced and gated and it is considered appropriate that the area is subject to a dog prohibition byelaw. This measure will protect the birds within the area and also give the area the maximum opportunity to develop successfully.
- 5.21 Sutherland Drive Children's Play Area, Watcombe.**
This is a small, fenced and gated multi-sport children's play area, and will benefit from being subject to a byelaw prohibiting dogs.
- 5.22 Trellissick Road Children's Play Area, Great Park, Paignton.**
This is a formal children's playground, again this facility will benefit from being subject to a byelaw prohibiting dogs.
- 5.23 Control of Dogs on Roads**

A Council can adopt measures to require that owners or people in control of a dog or dogs are required to keep that dog on a lead when it is on a designated road.

5.24 The measures are adopted by the Council specifying by an Order which roads are designated. Currently Torbay has two such Orders in place. One made in 1965 and the second in 1988.

5.25 These two orders designate most of the roads within Torbay, but significant development has taken place in the Borough since the last revision. It is proposed that an order is made, under the provisions of the Road Traffic Act 1988 and the Control of Dogs on Roads Orders (Procedure) (England and Wales) Regulations 1995, to ensure that all adopted highway, within the Borough is designated and that appropriate control of dogs can be required on those roads.

5.26 Financial implications.

All of the proposals will incur costs for advertising and signage to comply with the Statutory process. Advertising will total approximately £600, which can be met from existing budgets, and signage costs will also be met from existing budgets.

5.27 The proposals for Cricketfield Road Playing Field, could require the construction of a fenced dog exercise area which will cost approximately £8,000. This could be found from existing budgets this financial year, or require funding for completion in the next financial year.

5.28 The proposals for Conservation Area, Youngs Park, Goodrington will require the construction of a gated perimeter fence to exclude dogs, which will cost approximately £10,000. This could be found from existing budgets this financial year, or require funding for completion in the next financial year.

6. Alternative Options (if any)

6.1 Member's views are sought for the options to be progressed at Cricketfield Road Playing Field, otherwise no options are being suggested for the other areas.

Director of Environmental Services

Contact Officer: Michael Trevarthen. Senior Group Manager Environment Services.
Extension: 7745

IMPLICATIONS, CONSULTATION AND OTHER INFORMATION

Part 1

Does the proposal have implications for the following issues?

Insert name of
responsible officer

Legal (including Human Rights)	Legal involvement in the formation of the dog byelaws and order, and their subsequent enforcement	Stephen Pryor
Financial – Revenue	Costs for advertising, signage and works to one site as outlined in the report.	Adrian O'Rourke
Financial – Capital Plan	None	Lynette Royce
Human resources (including equal opportunities)	None	Geoff Williams
Property	Area at Cricketfield Road Playing Field, Cricketfield Road, Torquay, is currently subject to a lease which is under re-negotiation with Barton Cricket Club. Creation of wildlife conservation area will have lease implications.	Sam Partridge

Part 2

Does the proposal have implications for the following issues?

Please give details as appropriate

Sustainability	Yes or No	Yes. Minor impact, but the control of dogs and dog fouling is a major concern when considering the multiple use of open spaces
Crime and Disorder	Yes or No	Yes. The control of dogs and dog fouling is of significant importance to the residents of Torbay and failure to comply with the requirements of byelaws or orders is a criminal offence.
*OfSTED Post Inspection Action Plan	Yes or No	no
*Social Services Action Plan	Yes or No	no
*Change Management Plan	Yes or No	no

* not applicable to reports to Licensing, Development Control and Area Development Committees

Part 3

Does the proposal have implications for the following Directorates? If so, please inform the relevant Director.

Please give details as appropriate

Chief Executive/Corporate Services	Yes or No	Yes. Drafting of byelaws. Progressing byelaws through statutory processes.
Education Services	Yes or No	none
Environment Services	Yes or No	Yes
Social Services	Yes or No	none
Strategic Services	Yes or No	none

Part 4

Is the proposal contrary to or does it propose amendment to the Policy Framework or contrary to (or not wholly in accordance with) the Council's budget?	Yes	no	Fill in Box 1	No	Fill in Box 2
1. Details of the nature and extent of consultation with stakeholders and relevant select committees. Statutory and informal consultation to proceed following the Executive's decision on the acceptability of the proposals outlined in the report. Proposals to be advertised locally with initial representations to be made to the Council, and public representation on the final bye-laws to be made to DEFRA.					
2. Details and outcome of consultation, as appropriate.					

Part 5

Is the proposal a Key Decision in relation to an Executive function?	Yes	Reference Number X45/2003	
--	-----	------------------------------	--

Part 6

Wards

All wards are affected by the proposed Order for the Control of Dogs on Roads, to be made under the Road Traffic Act 1988 and the Control of Dogs on Roads Orders (Procedure) (England and Wales) Regulations 1995.
