Hi Julie

Thank you for the kind words. Will always try our best to help out where we can. We've recently spent £1000 on new cameras and we had 4 HD ones put in. I had one placed looking up at the top of the swan street slope as I have had a couple of officers say thats a blind spot (or it often faces the other way) for fleet street. There was an incident near where we put our sign the other week (not customers from here just on Fleet street) and the guys popped in to see if by any chance ours could pick anything up. They didn't at that time but following the install last week we have now redirected it to have increased coverage up there should it help out in the future.

Thanks again Julie

Hi David

Yes it will be positive, explaining that the crime figures are excellent which demonstrate the premises is being run in a professional and responsible way, and that whenever I have spoken to you you have always demonstrated that you are keen not to cause any issues, will put suitable measures in place and are trustworthy or words to that effect.

Morning David

Thanks for your email. I've had a look at the crimes recorded for the Rock Garden and prepared the attached for your information.

At the moment it doesn't appear that the residents have submitted a Review application, but if they do I will be consulted as part of the legal process. Once I get notified I will make a representation submitting the attached crime figures and an overview of how I think the premises is managed, which I think will look better rather than me supplying the information to you for you to present. It also means that I can attend the hearing to speak if the committee have any relevant questions for me. Hope that is ok with you.

Kind regards

Julie

Hi Julie

Hope all is good with yourself.

Just hoping you might be able to do me a big favour. I'm putting together the response to the license review being called against us by our neighbour. One of the biggest issues I have with their points is in their wording the complainants are attempting to try and poetry 2 things. Firstly that I am an irresponsible license holder attempting to get round issues etc and secondly that our clientele are bottom of the barrel, swears, uncivilised 18 year olds.

I am just asking for your honest professional opinion on both points.

I was hoping low(if so)crime numbers will support our point on clientele as if they are that bad surely that would translate to higher reported crime here.

We were under the impression that our crime figures here since operating are very low especially in comparison to other ensues and that our clientele is viewed as more 25-40 and not teenager drinkers.

I was also looking for your opinion as myself as DPS and feel we have always worked well and closely with yourselves and EHO to try our utmost to respect and endorse the licensing objectives. We have also won several BBN awards including best overall winner and community safeguarding.

Thank you for your time either way

David Walsh
