

8 March 2011

Dear Shaun,

Since I received my first letter dated 2 Nov 2010 I have been very conscious of my parking but on Dec 19<sup>th</sup> Nov I did not intend or deliberately mean to park at the rear of the rank, as prior to the offence I drove around the harbourick numerous times waiting for the rank to move once it started. I approached the rear of the rank and

it stopped moving, to my recollection a multi seater was picking near the 12 bus stop.

This also caught out another taxi as he pulled up behind me.

This was a genuine and unintentional mistake we made in over four months. Shaun and I will carry on parking diligently

Yours Sincerely

KC Brown
