RESERVE FUND

Opening Balance as at 1st April

Interest received
Net Surplus / (Deficit) from Revenue Account
Capital Funding*

Closing Balance as at 31st March *subject to final closure of capital accounts.

Note: In line with Harbour Committee minute 398 (5) December 2011 the minimum Reserve level at year end 2022/23 is £688k based on 20% of budgeted turnover to meet any deficit in the revenue budget or winter storm damage. The balance is earmarked for harbour related capital projects.

NOTES

8

- An inflationary pay rise for staff for 2022/23 was settled above the budgeted level. Savings were achieved at year end through reduced levels of Agency staff.
- The Projected Outturn includes costs carried forward from 2021/22 now funded directly from the current year revenue account without the need for a call on earmarked funds within the Reserve. Other planned work could not be completed by year end and will be met in 2023/24 from increased Reserve balances generated from this year's operational surplus.
- 3 An initial impact of the energy crisis was built into the projected outturn. This position was closely monitored and the in-year affect was less than originally estimated. The overall position was improved by reduced water consumption levels.
- 4 A refund for overpaid NNDR in prior years at Torquay was received.
- 5 Project management fees to Torbay Development Agency were lower than budgeted.
- Works to the Brixham work boat, carried forward from 2021/22, were met directly from the current year revenue position without the need for a call on earmarked funds within the Reserve.
- 7 Underspends were achieved over a number of administrative headings

	Budget 2021/22 £k	Outturn 2021/22 £k
Torquay Town Dock	81	81
Torquay Inner Harbour Pontoons	54	54
Torquay Haldon Pier	81	81
Brixham Harbour Regeneration	282	282
Brixham Harbour Jetty	38	38
Harbour Light (interest only)	16	16
Day Boat Pontoon - Brixham	2	
PrincessPier railings	5	
	559	552

- 9 The budget approved by Harbour Committee on 6th December 2022 included a request for a reduction in the General Fund contribution of £134k. The full Council budget approved on 6th March 2022 limited the reduction to £100k.
- The forecast was revised on the basis of the outturn for 2021/22 and further increases were achieved at Paignton Harbour.
- The budget was based on 2020/21 actuals with an assumed uplift over following years. There has been a delay in receiving the audited turnover details for 2021/22 from the leaseholder and without more timely information the Harbour Account has been closed on the prudent basis of the 20/21 figures.
- Fish toll levels remained buoyant throughout period and remained strong during the peak winter months giving confidence that the budget target would be exceeded.

 Subsequently, the levels for the final weeks of the year were higher than anticipated, contributing significantly to the increased operational surplus.

HARBOUR REVENUE ACCOUNTS 2022/23 - OUTTURN

- 13 An increase was assumed in line with the estimated rise in energy prices but water recharges reduced due to lower consumption.
- A reduced level was budgeted for Fish Buyer Licences in light of discussions regarding online auctions. In the event, the licences were issued and invoiced for 2022/23 and the position remains under review for 2023/24.
- 15 The Head of Tor Bay Harbour Authority has identified a number of critical projects for which Reserve funding is likely to be required:

	£k
New Humberside Rib	65
Brixham Harbour - concrete pads	1
Harbours & Prom LED lighting	8
Paignton Harbour - TJ's restaurant roof upgrade	12
Torquay Harbour truck replacement	30
Brixham Harbour Chillers replacement	160
Brixham Town pontoon fendering	40
Conservancy/Dredging operations	150
Total from Reserve	466
