The vision for Torbay

We want to see a healthy, happy and prosperous Torbay.

Torbay is a glorious part of Devon with an inspiring natural environment. We are a magnet for tourists and known as the English Riviera. We are home to globally significant technology businesses and have a rich leisure and cultural scene.

We want to deliver for our people and our place. We know we have challenges, but we have high aspirations. By continuing to work closely with our communities and partners and capitalising on our strengths, we want to make Torbay a great place to do business – a place where everyone is able to live their best life.

A healthy, happy and prosperous Torbay for all.

Our Mission

We will put our residents at the heart of everything we do. We will ensure a strong grip on finance, working with our communities and partners, to deliver a sustainable future. We will deliver quality services, improve our economy and protect and enhance our built and natural environments, so that we are all proud of our Bay.

Themes

To bring our vision to life, we have identified three strategic themes. Within this Community and Corporate Plan we describe what each theme means to us and our communities, the priorities we will focus on and the outcomes we want to achieve.

Our strategic themes are:

- Community and People
- Pride in Place
- Economic Growth

The approach we will take

In delivering our Community and Corporate Plan and in our day-to-day activity, we will work in the following ways.

Evidence based

We will focus on the evidence, balancing local knowledge and resident experience. We want to ensure that we have a strong evidence base for identifying needs, setting common priorities and responding collaboratively.

Make the most of our assets

We will use our assets – across our place and our people – to the best advantage.

Our towns sit on the beautiful Tor Bay, we are a magnet for tourism and host globally significant technology businesses, a wonderfully mild climate and an inspiring natural environment.

Each town has its own identity, sense of place, assets and distinctiveness. Coming together as Torbay gives us huge opportunities which we need to seize.

There are a vast number of community and voluntary groups in Torbay, both formal and informal, all trying to do their best for the communities they serve. We are committed to an Asset Based Community Development approach.

Working together

Putting our residents at the heart, we will recognise what is strong in our communities. We will be open to ideas and always seek to understand what the community is asking for, rather than making assumptions based on existing ways of working. We will seek out a range of different voices which are reflective of the community and create space for conversations to happen.

Working with the public, private and community and voluntary sectors, we will make sure that our partnership working is streamlined and efficient. We will all know Torbay's story and we will tell it with pride.

Efficient and enabling Council

We will provide efficient and effective services and be open and transparent with our communities. Our regulatory functions will enable businesses and residents to prosper. We will tell customers what to expect and keep them up to date along the way.

We will modernise, simplify and standardise how we work so we can support the communities of Torbay. We will deliver the best outcomes for our customers, innovating and using technology to transform services.

Strong grip on finance

We will continue to work to reduce the cost drivers of our high-cost services, deliver efficiencies and increase the Council's income where possible. Ensuring the Council is financially sustainable, we will carefully manage our finances to deliver the services our community expects.

Community and People

We want people across Torbay to celebrate success and feel part of their community

Torbay will be recognised as a child friendly place. We want all residents, including our children and young people, to feel and be safe and to live well within their communities. We will build strong working relationships with our community police.

Everyone will have access to support, information, advice and guidance so they can meet their aspirations. With the best possible education and training, people will be allowed to fulfil their potential.

Our communities will be encouraged and supported to bring about positive change for the good of Torbay. People will have a better sense of ownership of the services and activities available to them. We will minimise barriers for community service delivery whilst maintaining our duty of care and legal requirements.

Our Priorities

We will:

- Ensure our town centres are safe and welcoming for all.
- Keep children safe in their communities and provide safe environments for our young people to thrive in.
- Ensure early intervention is effective and targeted.
- Provide the best care and support available so that residents are empowered to achieve what matters most to them.

Pride in Place

We will invest in our three towns to enable them to develop their own distinct identities and roles. Using Torbay's unified and complementary offer as a UNESCO Geopark and a premier marine and natural experience, we will attract, retain, and grow leading edge technology businesses. We want Torbay to be a place where people of all ages want to live as well as visit. A place where everyone benefits from and enjoys a premier resort experience.

There will be more good quality, affordable and permanent properties that people, including those who are vulnerable or care experienced, can call their home. We will work with landlords and developers to maximise the use of suitable housing stock and create decent accommodation across Torbay. We want this to be an even better place for people to live in whilst protecting our environment.

We will work to get the basics right, so that our town centres, seafronts and residential areas are clean, safe and well-maintained.

We will celebrate and protect the places that make Torbay special, maximising the cultural, heritage and event opportunities for our residents and visitors alike. Working in partnership we will continue to address the climate emergency so as to create a sustainable future.
