

Dear Sir,

I am writing to object strongly to the application of 48 Towood St to obtain a licence to sell alcohol. I understand this licence would include permission for dancing and music. As I have pointed out in previous letters to the council this is the only property in the area where a residential flat sits directly above a restaurant. All the others have commercial properties above. We already have enough problems in the area with noise from music in other bars - clubs ect without adding to this. We are constantly in discussion

P.T.O.

with the council regarding this. I live directly above this restaurant and would be in a direct line for any noise from it. We do not want people who have been drinking standing ~~in~~ in our porch/entrance which we share with the restaurant.

Yours Faithfully
