Cabinet Member Contact Details: Councillor Chris Lewis, Cabinet Member for Place Development and Economic Growth, chris.lewis@torbay.gov.uk

Director Contact Details: Alan Denby, Director Pride in Place, David Carter Director of Regeneration, alan.denby@torbay.gov.uk

1. Purpose of Report

- 1.1. This paper presents the vision of Torquay in advance of the vision for Torbay and the visions for Brixham and Paignton that will follow in the Autumn. As the development proposals for the sites in Torquay are the most advanced, the Torquay vision has been produced iteratively with the delivery of Harbour Public Realm and its positive outcomes, the development of the site proposals for Union Square, The Strand and the restoration of the Pavilion and emerging ideas for Lower Union Lane and Fleet Street/Fleet Walk

2. Reason for Proposal and its benefits

- 2.1. The proposals in this report help us to deliver our vision of a healthy, happy, and prosperous Torbay by building on the ambition in the Torbay Story and bringing forward and detailing specific opportunities for public and private sector investment that will revive the local economy and reposition Torbay as premier visitor location within the UK by increasing both the duration and spend of visitors from overseas, nationally, regionally and locally.
- 2.2. The reasons for the proposal, and need for the decision are, to provide a guiding document to:
- Increase investment in our three towns to enable them to develop their own distinct identities and role
 - Attract, retain, and grow our economic specialisms so we have growth which builds on our reputation.
 - Create a future pipeline of investment priorities derived from the evidence used to produce the Visions and from our emerging Economic Plan

3. Recommendation(s) / Proposed Decision

- 3.1. That Cabinet approve the use of the Torquay Vision document (as set out at Appendix 1) to steer both the delivery of current regeneration sites and the development of future proposals for the sites and areas of public realm identified by the vision as suggested priorities.
- 3.2. That delegated authority be given to the Director of Pride in Place to make minor amendments to the vision in consultation with the Leader of the Council, noting that any proposed substantial amendments will be presented to Cabinet for approval.

Supporting Information

6. Introduction

- 6.1. Torbay Council was awarded funding from One Public Estate to produce an overarching place vision for 'Transforming Torbay' from the OPE 8 round of funding.
- 6.2. The successful bids for Future High Streets Funding, Town Deal, Levelling Up Partnership, Levelling Up Round 3 (LUF3), and the recent direct award through the Plans for Neighbourhoods, in addition to the development sites acquired by the Council since 2019, has created the need for a place vision that links the funding and assets (development sites) together. This will create a clear vision of how development sites work together to regenerate Torbay as whole, and at local level to address both the needs and exploit the opportunities of the economies of Brixham Port and Town Centre, Paignton Town Centre and Harbour and Torquay Town Centre and Harbour.
- 6.3. Change will come through using the overall vision across Torbay to shape existing and future proposals in line with the vision for Torbay and at a local level in more detailed the visions for Brixham, Paignton and Torquay.
- 6.4. The vision for Torbay and the visions for Brixham and Paignton will follow in the Autumn. As the development proposals for the sites in Torquay are the most advanced, the Torquay vision has been produced iteratively with the delivery of Harbour Public Realm and its positive outcomes, the development of the site proposals for Union Square, The Strand and the restoration of the Pavilion and emerging ideas for Lower Union Lane and Fleet Street/Fleet Walk

7. Options under consideration

- 7.1. Option 1 – Do Nothing – This would have resulted in handing back the OPE 8 funding allocated for the purpose of producing a strategy of for Transforming Torbay
- 7.2. Option 2 – Take a statutory Masterplanning approach by updating the current adopted Masterplans for Paignton and Torquay Town Centres. This would have taken a longer period of time and not covered the wider Torbay area and been subject to a length statutory consultation period. With the current Government requiring that all Local Plans are updated by the end of the current parliament the visions along with the new Local Plan can inform the need to update or supersede the current town centre Masterplans
- 7.3. Option 3 – To produce vision documents for; Torbay, Brixham Port and Town Centre, Paignton Town Centre and Harbour and Torquay Town Centre and Harbour.

8. Financial Opportunities and Implications

- 8.1. The funding for the work is from an external source - OPE 8

9. Legal Implications

- 9.1. None

10. Engagement and Consultation

- 10.1. Engagement for the Torquay Vision was undertaken in series of internal and external meetings with invited stakeholders including (Local Ward Members) drawn from business and investors within the Town Centre and Harbour along with statutory authorities including Devon and Cornwall Police.

11. Procurement Implications

- 11.1. The vision has been produced by the Regeneration Partnership.

12. Protecting our naturally inspiring Bay and tackling Climate Change

- 12.1. The Visions will promote our natural beauty and rich local environmental resources as a key unique selling point to investors.

13. Associated Risks

- 13.1. If the proposal is not implemented the vision can't then inform the development of future investment proposals to align them with the Torbay Story and current regeneration strategy.
