

Petition – Public Toilets in Cary Play Park

106 paper signatures

We the undersigned petition the council for Public Toilets in Cary Play Park.

In response to the Question 14 answer at the Full Council meeting, 26th February 2026:

“If it transpires that there is a demonstrable need and significant support for WC provision within Cary Park it can be included in a masterplan as an aspiration until sufficient funding is available for delivery.”

We request that toilet provision be included within the Cary Park masterplan as part of the ongoing Play Strategy policy.
