To whom it may concern

After reading the notice given to Below decks on their entrance window , I have to say that in my opinion, this notice seems extremely harsh and more than unfair towards Kevin and his team at Below Decks.
I have been lucky enough to frequent this establishment regularly this year as my boat has been moored in the vicinity all summer.
I have attended lots of music events here and have been aware how Kevin and his team (including paid security) do their utmost to keep their own clientele within the Below Decks areas and every effort made to keep them away from the main thoroughfare and becoming an obstruction !
I am also aware that unfortunately for Kevin and his team that the main queue for the ferries start directly over the road from Below Decks and in the summer there can be many holiday makers in this queue eating and drinking whilst waiting for their ferries to arrive !
It is impossible for Kevin and his team to do anything about these people queing and to an unknowing eye, it could appear that these people were bringing their own food and drinks and standing on the main thoroughfare and sitting on the public benches to attend a music event at Below Decks , when this just isn't the case !
I have then personally witnessed these holiday makers depart onto their ferries leaving all sorts of rubbish and mess behind , which it would appear that you are blaming Kevin and his team for ??
It's not right, fair or just and I'm more than happy to appear before you personally as a non interested party to answer any questions that you may have !
If you require any further information from myself, then please do not hesitate to contact me.
Yours sincerely
