Dear Sir/Madam

**Licence Application NORWOOD STORES 2A Hoxton Road Torquay**

I refer to an application for the issue of a new Premises Licence in respect of the above premises.

Having considered the application, and discussed the matter with the applicant the police request that the following condition is imposed on the licence:

“A CCTV system of an evidential standard shall be installed to the satisfaction of the Local Authority and the Police. The system shall be in operation at all times the premises are open to the public. All recordings must be kept for a minimum of 14 days and the Police shall have access at all reasonable times

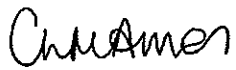

The police consider that the application does not contain sufficient detail concerning CCTV provision at the premises and the requested condition therefore expands on this. For your information the applicant is aware of the Police request for change in the wording of the condition and is in agreement

The police consider the above step is appropriate to ensure that the licensing objectives are met.
