Dear Carrie,

Please see my list of objections to a licence being granted to PD Stores.

Public safety.

Crime, Drugs, underage drinking, Drink driving, ASBO's are being slowly curbed by the police & PCSO's. There is no mention of how you will combat Public safety with regards to the mentioned points

Crime prevention & disorder

Alcohol increases crime be it theft, drugs vandalism gathering of kids, people etc. This can not be policed effectively without Devon & Cornwall police diverting resources to the area. When the Pub was open there wheer big problems and disturbances, vandalism . Adding another shop that sells cheap alcohol will encourage this problem that we have been free of for a while.

The hours of opening are not acceptable it will encourage people to use the shop to get alcohol late at night from outside the area, although good for the shop but not good for the residence the flats above the shop with regards to noise. It will also encourage drink driving and other alcohol offensive's.

I hope this is satisfactory?

Best wishes & kind regards
