

To, Mr Cox I am writing this letter to you in response to a conversation I have had with Mr Noble and was advised to write to you personally.

Mr Noble has also explained to me that I will have to be put before the committee in regards to them giving me an answer to wether or not I'm entitled to re-apply for my license. I am happy to do so but needed to know if I had to do my driving training before I am given a committee date or after?
