Subject: Application for the sale of alcohol at 83, Kingsway Avenue, Paignton.

With ref to the above application,

Firstly may I object to the granting of a License to sale of alcohol at this address.

My grounds for the objection are as follows:-

1. Kingsway Avenue is known to be a quiet area to live, this being the reason why most people moved to this area and we would like it to remain as it is today.
2. When this premises last had such a license(Spar shop), at weekends and during school holidays there were gatherings of teenagers attracted to this area attracted by the sale of alcohol, at these times people living in this area lifestyle was disturbed by public order offences brought on by the consumption of alcohol.
3. At present there are ample off licenses in the area, Waterside, Windy Corner, Co-op At Cherrybrook and Sainsbury's where alcohol can be purchased, do we need another in a quiet residential area, the answer is NO.
4. Where do you think the cans and empty bottles will be discarded, the residents front gardens, we had this problem in the past.
5. Police presence in this area is almost non existant, especially at night, with the police man power at present who will Police this License.(This is a quiet residential area)

Please note my objections, [REDACTED]
