Dear Sir/Madam

**Murphy's Roadhouse, 18 Esplanade Road, Paignton TQ4 6BD**

I refer to an application for the Variation of a Premises Licence in respect of the above named premises submitted by Mr Stephen and Mrs Lesley Butchers. For your information, Murphy's Roadhouse currently has the benefit of Premises Licence Number PL0876 issued by Torbay Council.

The premises is situated on Paignton Esplanade and form part of the late night economy so are likely to be subject to alcohol related crime, disorder, anti-social behaviour and public nuisance. Furthermore, the premises is located within an area which comprises of both commercial and residential properties.

The premises are currently licensed for sale of alcohol until 0300 hours, closing at 0330 hours every day of the week. The Premises Licence currently contains a condition that no alcohol shall be consumed in the outside areas after midnight.

This application seeks to amend the layout of the premises, remove some conditions and impose new conditions. The only part of this application that the police wish to object to is the removal of condition 13 under the heading the Prevention of Crime and Disorder that states "No alcohol shall be consumed in the outside areas after midnight". Whilst the police note that additional conditions have been proposed within the application in relation to the removal of this condition, it is the opinion of the police that the applicants have not given sufficient consideration to the likely impact of the removal of this condition.

Whilst I recognise that the Torbay Council Public Protection Officer is the responsible authority for noise issues within Torbay, my officers are frequently contacted by residents in relation to noise issues, our call centre often receives noise complaints when local authority staff are not on duty, and we strive to assist both the local authority and residents wherever possible.

At 0210 hrs on the morning of Sunday 7 August 2016 my Police Licensing Officer, Mrs Julie Smart, was on duty and in the company of Mrs Mandy Guy (Senior Licensing Enforcement Officer of Torbay Council) and Mr Gary O'Shea (Principal Licensing Officer of Torbay Council). At that time they were in an unmarked police vehicle which was parked in Kernou Road, outside the doors to the Spinning Wheel Public House, monitoring noise levels from licensed premises in order to consider the impact of this upon residents in the area. At the time of this visit the Spinning Wheel Public House was closed, there was no background noise in the area and the weather was windy and drizzly.

Mrs Smart states that she witnessed drunkenness and noise issues from Murphy's which she believes was likely to impact on residents. Please find attached notes that Mrs Smart made following this visit.

At the current time all customers drinking outside at this premises must go inside at midnight, thereby minimising any impact of noise nuisance to the residents by limiting this to customers coming and going from the premises or smoking outside. Should this part of the application be granted, what will the impact of an additional 40 persons outside drinking at 2 am have on the residents?

For your information, Murphy's Roadhouse has been a licensed premises for many years and historically there have frequently been noise complaints in relation to this premises. A few years ago, at a time when Mr and Mrs Butchers were not responsible for this premises, the police considered applying for a Review of the licence due to the level of complaints received in relation to anti-social behaviour and noise from this premises. However, this was problematic due to the nature of the premises, as follows. In April/May with warmer evenings and the beginning of the holiday season, the number of persons attending this premises increased and complaints were forthcoming. Numerous meetings were held to address the issues and the premises were monitored throughout the following months. At the end of the summer the police considered that they were almost at the point of requesting a Review, however the weather deteriorated, customer attendance at the premises dropped significantly, the number and frequency of complaints decreased and therefore the police did not feel it appropriate to pursue a Review at that time.

The police therefore requests that the Licensing Committee considers the cyclical nature of this premises when making your decision.

In addition, I would refer you to the below paragraph which is contained within page 40 of the Licensing Statement of Principles:

*'There will be an assumption however that Licensed Premises in residential areas, or where there is proximity to residential properties, will only be allowed to undertake Licensable Activities until 11pm unless detailed consideration and mitigation measures have been proposed to address those concerns. A simple application with no supporting material can be expected to be refused, where relevant representations have been received.'*

This premises currently operates until 0330 hours every day of the week. They are now seeking to extend alcohol consumption outside until 0200 hours every day of the week, which carries a significant risk of impacting on the Licensing Objective the Prevention of Public Nuisance. The police do not consider that the applicants have given sufficient consideration to the impact of this matter or proposed satisfactory mitigation measures within their application, and as the premises are located in an area comprising of both commercial and residential properties, the police consider that this paragraph is applicable.

Attached for your information is a document outlining crimes and logs at Murphy's Roadhouse and in Kernou Road since 21 May 2013. Please note that in respect of Kernou Road, the police are not able to state how much, if any, of this is contributed to Murphy's Roadhouse, but it is purely intended to provide the Licensing Authority with an overview of reported incidents at that location.

In conclusion, the police object to the part of this application seeking to allow the consumption of alcohol in the outside area until 2.00 am every day of the week as it is likely to impact on the existing levels of crime and disorder and public nuisance in the area. The police respectfully request that the Licensing Authority refuse this part of the application.

Should you require any further information, please do not hesitate to contact Peter Cosby on 01803 218964.

Yours faithfully

## Comments

COSBY Peter 55186 (03/10/2016 10:15):

To remain open until decision over application submitted  
poss objection.

COSBY Peter 55186 (19/09/2016 09:59):

Joint visit with Local Authorities Thurs 22/9 now Steve and  
Lesley returned from holiday to discuss outside drinking to  
0200.

COSBY Peter 55186 (12/09/2016 09:53):

9/9 Steve and lesley butcher away on holiday until 15/9.  
Spoke to bar manager Jack and although nothing officially  
could be resolved regarding the use of the garden area for  
consumption, he acknowledged the situation and agreed to  
draw back the times for the forthcoming weekend and LO  
to discuss further with DPS on return from holiday.

Any change to the outside area for consumption must be done officially by licence variation.

Other matters were discussed like person possibly still leaving by the side exit as opposed to front esplanade area and during conversation he mentioned that CCTV is due to be increase and cameras will cover blackspot areas. Recent glass incident discussed which stem from spinning wheel late August.

I also discussed report from Licensing Officers late night visit Sat 6 Aug 2016 at 0250 which highlighted the above comments along with excessive drunkenness that was seen by persons leaving premises during this time.

This matter to be discussed with DPS on return from holiday.

COSBY Peter 55186 (09/09/2016 09:16):

Joint authority meeting arranged for 9/9 with Karl Martin Environmental and contents of report to be discussed in detail and rumours that they are using outside garden area and allowing consumption of alcohol until 2am in garden area.

COSBY Peter 55186 (11/08/2016 09:41):

LO in liaison with Karl Martin environmental in relation to conducting a joint visit. Suggested following noise review therefore meeting sometime after tuesday 16/8

SMART Julie 50403 (10/08/2016 12:17):

Parked up outside doors to Spinning Wheel, so about halfway between entrance of Murphy's and Berry Hotel. Murphy's was the only premises open on the sea front. Spinning Wheel was in darkness. Weather had changed from a warm dry evening and it was quite windy and drizzling. Mandy and Gary had the car windows down about an inch. My window was closed. Could not hear any music. A male came out of Murphys garden and vomited over the railings and onto a white van that was parked in Murphys. Another male was encouraging him to be sick and said "Let it all out" in a very loud voice. They went back into the garden area and then left again a bit later being loud, one of them climbed over the wall in Murphy's car park. Saw a couple of taxi's picking people up. When one taxi arrived a group were quite loud trying to deicde who was going in the taxi. 0250 and 0251 saw two lots of 5 people walk past us. They were both quite noisy talking and the second group were singing. One group went down the lane at the back of the Berry Hotel and the other group went along the lane behind Murphy's. There was no sign of any door stewards directing people or asking people to leave the area quietly. We left the area at about 0300 as the lights at the rear of the premises had been turned off and it was quiet

with no further people leaving. We drove around to the front of the premises and could see 2 people still in the front garden area but could not see any door stewards. Saw one person inside but the doors were closed and could not tell if this was a steward.

Whilst monitoring Murphys people could clearly be heard stood chatting and laughing in the front garden area of the premises and we discussed the fact that this would easily have been heard from any residential accommodation in the road at the rear of the premises. In respect of the Berry Hotel, I noted that there were several lights on and at least 3 windows were open.
