Dear Sir / Madam,

Cavern on the Quay

Applic. no. 048207

I would like to object to this as the loud music would be a public nuisance to people resident immediately above the premises. Especially loud music until 2.30am in the morning.

I and my son live in the building 22a, Victoria Parade [The above address includes or encompasses the 2 upper floors]. The basement of 22 Victoria Parade forms part of my free-hold to the building, and is directly beneath.

Also, 2 residential flats are being planned in the same building.

The noise would be too much, and be unreasonable. The Cavern on the Quay is not an isolated building.

Yours
