1. Proposal and Introduction

- 1.1 The Council has a statutory responsibility to comply with the CIPFA Prudential Code (revised December 2017) which is the “proper practice” document linked to the Local Government Act 2003. Part of this compliance is to approve a Capital Strategy.
- 1.2 The Capital Strategy is the policy framework document that sets out the principles to be used to guide the allocation of capital investment across all the Council’s services and informs decisions on capital spending priorities within the Council’s 4-year Capital Plan.
- 1.3 The revised Prudential Code places more emphasis on the risks associated with Council capital activities in particular the higher risks associated with more commercial activities and requires the Chief Finance Officer to “report explicitly on the affordability and risks associated with the capital strategy”.
- 1.4 In accordance with the Council’s Constitution, the Capital Strategy is required to be approved on an annual basis.

2. Reason for Proposal

- 2.1 The Council has a responsibility to approve a Capital Strategy each year.
