## **1. Proposal and Introduction**

1.1 This report proposes changes to the Operational Moorings and Facilities Policy.

## **2. Reason for Proposal and associated financial commitment**

2.1 The use of moorings, berths, boat park spaces, tender racks and storage lockers etc is governed by a variety of controlling factors including: local harbour legislation; harbour byelaws and the annual Facility Agreement terms and conditions. These are codified in the Operational Moorings and Facilities Policy, which is subject to annual review. Version 13 was adopted by the Harbour Committee in March 2018.

2.2 The policy ensures that a consistent, fair and equitable approach is applied to new, existing and potential facility users. The existing operational policy statement serves as a management tool but does not form part of the strategic policy framework set by Torbay Council.

2.3 There are no new financial commitments associated with the adoption of this policy.

## **3. Recommendation(s) / Proposed Decision**

3.1 **That the Harbour Committee adopt the Operational Moorings and Facilities Policy version 14.**
