Re: License application 054465 Curious Kitchen 14-16 Middle Street.

To Whom It May Concern,

I feel I need to ask that an alcohol and music license should not be permitted for this business.

#### 1. The Prevention of Crime and Disorder

We have a well documented problem with anti-social behaviour in the town square opposite this business and the granting of yet another license to serve alcohol in the town is only likely to cause this to continue. Friday and Saturday evening's in particular see noise and disruption to local residents until well gone midnight nearly every week.

#### 2. The Prevention of Public Nuisance

Living next door as I do, we also have an issue already with the noise and vibration from the extractor fans from the Curious Kitchen (which are attached to my property) that run from 7am until 5pm, 7 days a week, at present. Making sitting on my patio for a little peace and quiet are a thing of the past. If a license was granted for them to serve alcohol until 23:00 hrs, I am assuming the same fans will be running until then also. We have already had issues where they have forgotten to turn off the fans at night, meaning that we have had to put up with the noise through out the night on several occasions.

I do hope that you will think of the people who have to live with this and how it affecting their quality of life before making a decision.

Many thanks and regards,
