Subject: Premises– Licensing Act 2003
Premises Name & Address:

- a) I have no comments to make on the above application
- b) The application does not meet the following licensing objectives:
- i) Prevention of crime and disorder
 - ii) Protection of children from harm
 - iii) Public safety
 - iv) Prevention of public nuisance

I note that there is residential accommodation nearby, both above Macari's restaurant and above Man Fridays, there is also accommodation in Queens Quay which has the potential to be disturbed by patrons arriving and leaving all of this accommodation is in the vicinity of the proposed licence. I am concerned that as such the residents would be disturbed by noise from both patrons arriving at and leaving the premises; I am also concerned that music breakout could cause disturbance to residents. I am in receipt of a number of complaints regarding noise from various premises in the area regarding noise from patrons and in respect of amplified music.

However, I must advise the committee that there are a number of other premises in the immediate vicinity that have late licenses, these include Play night club, The Green Room, and Mikki Finns. However, the premises does have the potential to increase the level of disturbance to residents should it not be effectively managed.

I also note that a number of conditions have been proposed by the applicant that I generally approve of. I would however, recommend that a condition be placed on the licence to deal with patron noise as they leave the premises.

Therefore I recommend that the committee amend condition 4 of section C annex 3 to state " All windows and doors shall be closed after 19:00 during periods of regulated entertainment."

I also recommend that the following condition be added. To Annex 3

"Door staff will monitor patrons in the vicinity of the premises and take steps to control rowdy and noisy behaviour, particularly after 23:00"
