IN THE MATTER OF:

FARMHOUSE TAVERN 130 NEWTON ROAD TORQUAY DEVON

HEARING: 5 JULY 2018

GREENE KING BREWING & RETAILING LTD

APPLICANT

SKELETON ARGUMENT ON BEHALF OF THE APPLICANT

1. This is an application for a variation of the existing Premises Licence for the Farmhouse Tavern (the Premises) a copy of which Licence appears at Annex 1 to this document.
2. A hearing is required as uncompromised representations have been received from a number of local residents. Terms have, effectively, been agreed with the Council's Environmental Health Officer to which reference is made below, dealing with the potential for possible noise nuisance.
3. The applicant is Greene King Brewing & Retailing Ltd who own or operate over 3,000 pubs, restaurants and hotels across the UK including brands such as the Chef & Brewer, Farmhouse Inns and Hungry Horse. What is proposed here is a food lead Pub and Carvery operation.
4. This premises have recently been acquired and are being renovated and redeveloped by Greene King representing a capitalised inward investment by them of the order of £1.4 million and leading to the creation of some 35 – 40 full and part time jobs, the majority of which will be sourced locally.
5. Greene King are responsible and experienced operators of licensed premises, many of which are in noise sensitive locations with robust systems in place for the exercise of due diligence to ensure that their premises are properly and responsibly run in accordance with the law and to ensure the avoidance of the commission of regulatory offences and the possibility of public nuisance and / or crime and disorder in particular.

6. As a development site, these premises have yet to re-open but upon completion of the development and before opening, a Designated Premises Supervisor will be appointed, a Senior Manager of the premises with appropriate qualifications and all staff will be trained as part of Greene Kings national development programme.
7. As indicated above, this site has been acquired by Greene King. Approval to alterations to the layout of the premises have already been received pursuant to a Minor Variation application lodged on 25th April, 2018 and granted on 14th May, 2018. At Annex 2 is a copy of the existing and approved layout drawings. The current variation application does not impact on that layout approval at all.
8. The existing Premises Licence authorises a number of licensable activities from 11.00 to 12 midnight daily and contains at Annex 2 and Annex 3 of the Premises Licence a significant number of geriatric conditions largely brought forward from the old licensing regime, the majority of which are no longer applicable or relevant to the operation of these premises.
9. The variation application in respect of which this hearing is required contains three elements:-
 - a) the advancement of the commencement time for licensable activities from 11.00am until 9.00am in the morning.
 - b) the advancement of the opening hours of the premises (but not for licensable activity) to 7.00am in the morning to facilitate the possible service of breakfasts etc – not of itself a matter impacting on the licensing objectives.
 - c) to modernise the Licence by the deletion of the existing licensing conditions which appear at Annex 2 and 3 to the Premises Licence and their substitution by those conditions as set out in Section M of the variation application which are those conditions which would have appeared were this a new Licence application made on behalf of the Applicant.
10. In respect of the possibility of potential public nuisance, those proposed conditions include a condition that:-
 - a) patrons will be encouraged by staff to leave quietly and respect the interests of occupiers of any nearby noise sensitive premises. Where appropriate the Licensee or a suitable member of staff will monitor patrons leaving at closing time.

b) noise or vibration shall not emanate from the premises so as to cause a nuisance to nearby property.

ENVIRONMENTAL HEALTH

11. As part of the Minor Variation application and more particularly as part of this application, a dialogue has taken place with Environmental Health (Karl Martin) as a result of which appropriate assurances, satisfactory to Environmental Health, have been offered and can, where appropriate, be converted into conditions on any variation application approved. Those assurances appear at Annex 3 to this Skeleton.

RESPONSIBLE AUTHORITIES

12. Save for Environmental Health as above, no representation or potential representations have been made by any of the Responsible Authorities.

13. Paragraph 9.12 of the latest Guidance is relevant in this regard, to which reference will be made at the hearing.

RESIDENTIAL REPRESENTATIONS RECEIVED

14. As mentioned above, representations have been received from three local residents.

15. The first representation from Mrs Hilary Lee objects to the increase in licensing hours, the possibility of outside drinking and eating areas close to the houses and the possibility for live music etc to cause greater levels of disturbance later into the night. No evening extension is requested for permitted hours and no part of the layout of the premises forms part of this application.

16. The second objection (from Trevor Badcott) appears to have been received by the Council on 30th May and recites a lot of historical issues with regard to the operation of the premises with which, of course, the Applicant as a recent purchaser is not associated.

17. This representation references a function room which, as part of the redevelopment, is no longer in existence and will form part of a dining area within the premises and has concern about the times and activities being extended on the ambit of the Licence. No alteration is intention is intended to the existing licensable activities approved, nor any

evening extension proposed. Reference is made to the beer garden or eating area outside but again this does not form part of the current application.

18. The third representation is from Mrs. S Hanna Ford substantially references the layout of the premises both internally and externally which is not part of the application on which the discretion of the Licensing Committee is or will be engaged.
19. Insofar as the concerns raised do not relate either to the four licensing objectives in the context of the application as being made they are of course, as a matter of Law, not relevant to this application.
20. Insofar as there may be a suggestion that the changes proposed to the Licence under this application may lead to a potentially detrimental effect on the residential amenity of those in the vicinity with a perceived risk that this will result in a rise in anti-social behaviour and public nuisance, no evidence appears to be offered or is available to support such assertion and indeed it is thought that the investment in and the redevelopment of these premises as a substantially food lead pub restaurant with limited entertainment would be seen as an attractive development.

IN SUMMARY

- a. The applicant is a well-known and respected operator of licensed premises.
- b. No evidence is or can be advanced or is otherwise available that the Applicant is not a responsible operator or that they will not have in place effective and credible due diligence policies to ensure the proper management of their premises.
- c. There is no evidence available to suggest that, to the extent that the representations are relevant to the application in hand, the application will result in a significant aggravated problem of crime and disorder or public nuisance arising from this application sufficient to justify either the refusal of this variation, the imposition of additional conditions not otherwise agreed or to curtail the hours of operation particularly in the evening where no change is proposed.
