

**Transformation Project – Future direction of the Council’s relationship with  
Torbay Leisure Centre – Public Question**

**Council 22 June 2017**

On behalf of Sport Torbay I would like to ask the following questions:

1. How will the community be aware of the lease and proposals, how will they be consulted?
2. We are particularly concerned to understand whether there will be any changes in hire costs for individuals of any of the facilities. Similarly we want to understand whether the park run will be effected.
3. In respect of the loan to Parkwood Leisure, we wish to understand how the investment will be spent or whether it will be used to pay for work already completed? Will it for example be used in respect of the swimming pool, changing rooms and sports hall? Or will it be used for updating the all-weather outside facility to ensure current sports pitches are compliant (e.g. for rugby and hockey)?

Robert Loxton on behalf of Sport Torbay
