[7]The 'relief duty' requires Local Authorities (LAs) to help people who are homeless to secure accommodation. The duty applies when the LA is satisfied that the applicant is both homeless and eligible for assistance. The introduction of the Homelessness Reduction Act 2017 has changed the criteria by which clients are entitled to assistance as well as the duties placed on LAs to assist clients threatened with homelessness, with data from April 2018. Rates are locally calculated using Office for National Statistics household projections
