Subject: Save hook hills green area & play park

I fully support the inclusion of the designation of Hookhills green area and play park as a local green space as proposed by the Paignton Neighbourhood Plan and do not support the objections raised by the council and Torbay Development Agency.

How much more housing do we need to take over the green areas of this town and push the children's safe play areas out of their reach . The strain on services is already being pushed above and beyond with all the new homes springing up like mushrooms on the Brixham Road not forgetting the schools in the area and jobs for all these new incoming people . There are enough already empty house around the Bay utilise these first before building more in our small areas of green we have left .

Keep Hookhills green area and play park just that !!!

S Belcher
