**Subject:** Hookhills Green Area

Dear Sir/Madam

Having heard about the plans to develop the green area at Hookhills I felt I must email to protest at this ludicrous idea. The Hookhills site is already overdeveloped for such a small area and this is the only free space we have left to exercise dogs and for children to have space to run. It is such a small space but it is vital to the well being of all the residents who use it daily. If all the small spaces were to be overfilled this would undoubtedly have an impact on the mental health of people in the community, leading to a further drain on the National Health resources in the area. If starter homes are built, they will be snapped up as second homes and contribute nothing to our community and larger homes would not be appropriate in such a small area. This matter has stirred up a great deal of anger and discontent locally already and things will only get worse if no assurance is given that these foolish plans will not go ahead.

Yours faithfully,

S.L. Hamilton-Sinclair (Mrs.) [REDACTED]
