

12/12/17

I am writing to express my support for the inclusion of the designation of Hootbills green and play park as a local green space as proposed by the Paignton Neighbourhood Plan, and I do not support the objections previously raised by Torbay Council and the Torbay Development Agency.

The above-mentioned space is a vital 'lung' in an already heavily developed area and we now have the imminent threat of a ~~new~~ major new housing estate being developed on the other side of the Ring Road, just a stone's throw from Hootbills. Please leave our precious open space alone

Yours sincerely
RFFH
