Subject: Play park and green space at Hookhills Rd

I support 100% the inclusion of the designation of Hookhills green area and play park as a local Greenspace as proposed by the Paignton Neighbourhood Plan and am total against the objections raised by the council and Torbay Development Agency. There are many children in this area who need places to play for their health and development. The community uses these spaces for holding many events which bind us together, removing them will have a severe effect on the social and spiritual development of those living here. The whole of the area is already being changed and roads as rat runs by motorists cutting through the estate at dangerous speeds. Loss of these green spaces replaced by housing will add to the traffic and perils for elderly and any children with nowhere to walk or play.
