Subject: Hookhills green area

I fully support the inclusion of Hookhills green area and play park as a local green space as proposed by the Paignton Neighbourhood Plan and do not support the objections previously raised by the council and Torbay Development Agency.

It is my understanding that when Bovis got the original planning permission to build on the Hookhills land there was stipulation within the planning permission that there had to be green spaces incorporated within these plans. Therefore I do not see any reason for this change and wholly support the keeping of these spaces as per the original planning permission. Hookhills estate is very well populated and I feel that to build on any of these green spaces to be a dangerous prospect for both children and the elderly, due to the amount of vehicles already accessing this area. At the moment the walkways and green spaces form a vital safe environment for children walking to and from school and also as somewhere safe to meet with their peers. The elderly and those with poor mobility can also take a leisurely stroll without being bothered by traffic etc. Hence why I support the motion for Hookhills green area and play park as a local Greenspace.
