Subject: PAIGNTON neighbourhood plan

I am a local resident and support the plans wholeheartedly.

However, I do not understand why the TDA are opposing the plan to keep our relatively small area of green spaces and play area safe for future generations.

I regularly walk around our area at Hookhills with our dog. It is always pleasant at anytime of the year and is a nice way to interact with other locals.

I would like to know the actual reason anyone would object to keeping these areas intact. One can only surmise it is for development.

Yours sincerely,
C T Malam
