

14th December, 2017.

Dear Sir/Madam

I was very shocked and surprised to come across a notice recently, announcing possible development of local green spaces. I thought this had been quashed a few years ago and I would have thought that the original Developer would not have been allowed to build the Estate, without proper inclusion of green areas. Surely that would have been a statutory requirement?

People need regularly spaced green areas for quiet walks and fresh air; Dog walkers need them and Recreation Fields are also needed for children and sports practice. These are an essential part of living a happy healthy balanced life and provide a sense of much needed well-being.

Yours faithfully
Bronwen I. Milwood (Miss)
