Subject: Hookhills Green Sites

To whom it may concern

Please do not grant permission to those who would build on the Hookhills green sites. This small area is used by all the residents in this and surrounding areas for recreational purposes. The cherry pie day was very successful raising money for various charities and giving families a memorable day out. The site is also used for educational purposes for the young children at the nursery school. I have seen hedgehogs and owls in this area it would be very sad to see their habitat taken away.

Yours sincerely R . Spence
