**Subject:** Neighbourhood Plan - Preston Area

Dear Sirs

We have reviewed the Paignton Neighbourhood Plan as it applies to the Preston area and in particular to the area indicated as PLGS 24.

As far as we can see the designated boundary for Occombe Valley Woods is incorrect and does not make allowance for the land we own at East Down. The map is poor and difficult to make out and the designation is also very unclear but it would appear that the boundary extends right up to Preston Down Road and includes the land we own at East Down.

If that is so it is clearly incorrect and must be changed before the Plan is finally approved. I am unsure just how we should go about this. Could you please advise as soon as possible.

Yours sincerely

David A Thompson
