Dear Sir/Madam

I fully support the inclusion of the designation of Hookhills green area and play park as a local Greenspace as proposed by the Paignton Neighbourhood Plan and do not support the objections previously raised by the council and Torbay Development Agency.

This space is used daily by locals, children play in the park, the green area is used for locals to exercise and meet up, walk dogs and enjoy the outside space and views. It's essential for community wellbeing and provides somewhere safe for children to play and exercise. The nursery also use this area for the children to explore and learn.

The park is also used by Hookhills community centre for the Cherry Pie Fair which is a lovely event which brings together the community, it would be such a loss to Hookhills if this area was developed in the future.

Please ensure this area is protected from any possible future development. We do not want to see Hookhills over developed as the new White Rock development has been, with inadequate parking, cars over flowing onto pavements causing danger to prams, children and the disabled.

Kind regards

Mr and Mrs Barron
