Children's Safeguarding Service - Disabilities / Quality Assurance

This area of the budget covers services to safeguard children and young people with disabilities and work with families with complex needs. It covers the work associated with placing, supporting and monitoring the children with disabilities who need to be in the care of the local authority as well as the provision of short breaks; holiday playschemes; and other groups for children with complex to profound learning and/or physical disabilities.

This section also includes the Safeguarding Unit, the Torbay Safeguarding Children's Board and PARIS team as well as organisational development for all Children's Services staff.

Children's Safeguarding Service – Placement Costs and Allowances

This section of the budget only includes costs relating to the care of children in need or in care. It includes health income to support packages of care and contributions from Dedicated Schools Grant (DSG) for joint funded placements with an educational element.

Children's Safeguarding Service – Specialist Services/Intensive Youth

Children's Safeguarding team provides fostering and adoption services in Torbay such as recruitment, assessment, supervision and support. It also covers the Looked After Children/ Permanence team in which the Social Workers take the statutory responsibility, in conjunction with colleagues within the Adoption Team, for completing the necessary reports and procedures around the process of placing a child for adoption, from the making of a 'Placement Order'. And also the work of Long-Term Care:

In which a large number of the children allocated to this team are placed either in Torbay foster placements, or within 'out of area' fostering and residential provision.

This section also covers the work of the Integrated Youth Support Service that provides an integrated service to children and young people from the age of 10 until 25. The IYSS service will bring together a range of areas such as youth offending, care leavers, attendance improvement and provide targeted interventions to prevent or reduce the numbers of young people entering or remaining within the care system.

Children's Safeguarding Service – Senior Management/Support

This service includes the costs of LA funded Business Support including staff travel, subsistence, mobile phone and office expenses across Children's Services. It also includes the costs of the Senior Management Team.

Children's Safeguarding Service – Safeguarding & Supporting Families/Single Assessment/MASH

This section of the budget covers the Children in Need Service which came into effect on 1 June 2014 and is responsible for the following areas of social work: Initial Assessments, Core Assessments, Child Protection investigations (s47) from Initial Assessment where required, Children Looked After, Duty system/rota and Section 7 reports. It also covers The Family Solutions Service is one part of the journey towards the Integrated Services Delivery Model. This has enabled the opportunity to bring together the Family Intervention Project with the Locality Family Support Teams to create a new service of Community Care Workers currently delivering targeted interventions to children, young people and their families at high level 2 of the child's journey.

It is also responsible for child protection service where the teams hold caseloads of children who have been identified as being in need of support and/or protection which is delivered via a Child in Need plan or a Child Protection Plan. Those children most at risk of harm may be 'looked after' and their circumstances considered within the Court arena.

It also covers work by The Arc (Assessment Resource Centre), Intensive Family Support Service (IFSS) and Family Group Conferencing.

Adult Services

Cabinet Member: Councillor Stockman

Responsible Officer: Joanna Williams

Adult Social Care

The delegated services delivered directly or purchased are as follows:

Residential and Nursing Home Provision

Providing accommodation, care and support to clients unable to live at home. They may have chronic/complex needs which prevent them from being cared for safely at home or within another setting.

Care and Support (Domiciliary) and Day Care Services

Domiciliary care provides tailored personal care and support within a client's home to meet their individual needs. The person is visited at various times of the day or, in some cases, care is provided over a full 24-hour period. The integrated approach in Torbay continues to develop the range of skills that are available to support people with both personal and non-personal care. Day care is provided outside of the client's home and offers a range of meaningful social activities aimed at sustaining a person's capacity to live independently and enjoyment of life.

Learning Disabilities

Organisations within Torbay work together to ensure that people with a learning disability are able to enjoy the same basic rights as anyone else. People are housed and supported to find work that is suited to them. They are able to enjoy time with friends and family and take part in the culture and community of Torbay.

Mental Health Services

These services organise support for people with acute/severe and enduring mental health problems, using appropriate residential, nursing, domiciliary and day care services as well as providing specialist advice to other frontline teams. Services for people aged over 65 including those with dementias, are provided by the Integrated Care Organisation (ICO). Mental health services for people of working age under 65, are provided by Devon Partnership Trust and the ICO plays a lead role in co-ordination of these services.

Support to Carers

Information, advice and emotional support to carers is provided which seeks to prevent the breakdown of their own physical or mental health in carrying out their vital role. Flexible breaks and other support is available which is not dependent on accessing statutory services. The service enables an appropriate response to most needs and an effective referral mechanism for more complex cases.

Voluntary Sector

A vibrant voluntary and third sector is considered to be an intrinsic element of the care and support system. Commissioning, coordinating and the encouragement of both local and national organisations are undertaken to create a network of provision to support individuals and local communities.

Joint Equipment Store

The Community Equipment Service is jointly commissioned by Torbay Council and Clinical Commissioning Group from an independent service provider. It prescribes items of community equipment to promote independent living, palliative care and timely transfers of care.

The service provides complex aids for daily living (including specialist beds, mattresses, hoists and syringe pumps) and minor adaptations (such as grab rails and ramps). It also provides the administration for the Simple Aids for Daily Living (including walking frames, shower stools and bath boards) service which is provided by a range of local retailers.

Other Adult Services

This section of the budget covers services to Torbay Council Partnership Commissioning Team which provides a strategic commissioning approach to local adult social care challenges. It works with local partners and other local authorities across the region. It is pursuing the integration agenda by working increasingly closely with Public Health and Children's Services, to design ways of meeting the needs of families and the community. This includes looking at housing and accommodation issues, new ways of contracting with providers such as outcomes based working, seeking to bring in new investment to enable positive changes to the care system and continuing to find new, innovative ways to provide improved care and wellbeing for the population.

It ensures that the council remains compliant with legislation such as the Care Act 2014 and is represented at a regional and national level for Adult Social Services. It also oversees the contract with the ICO and the delivery of the delegated tasks.

Accommodation based and outreach support for vulnerable young people and families

This service provides mediation for vulnerable young homeless people, supported lodgings with host families and Foyer accommodation to support young homeless people into employment and training.

Family support

The Family Support Service provides accommodation and support for people experiencing domestic abuse, accommodation based support for families with complex needs and local commissioning of services supporting the Government's troubled families programme. Assessment, resettlement and accommodation support for single vulnerable homeless people and rough sleepers.

Specialist housing

This service covers extra care housing and accommodation with support for people with learning disabilities and poor mental and physical health.

Advocacy support and advice

Provides advocacy for patients and carers to feedback on health and social care and has input to the quality assurance of local provision including, care homes and community services.

Responsible Officer: Caroline Dimond

Public Health – Community Development

Since 1 April 2013, Torbay Council has been responsible for some of the legal duties to improve the health of the local population. Others are the responsibility of Public Health England which is a Government agency that oversees national public health programmes such as national immunisation programmes.

The Public Health Team works closely with different departments within Torbay Council – specifically Adult Social care Commissioning with whom Public health now forms part of an integrated joint Commissioning Team. It also works alongside NHS Devon Torbay Clinical Commissioning Group (CCG), representatives of NHS England, statutory and non-statutory service providers and voluntary groups to create as integrated an approach as possible to improve the health of Torbay residents. In all it does, the Public Health Team seeks to ensure the health needs of disadvantaged communities and vulnerable groups within the area are addressed and there is due consideration made to addressing inequalities in health. The aim is to improve the health of all people, but improving the health of the poorest, fastest.

This includes prescribed functions such as sexual health, public health advice and health checks. Income includes wider grant contributions for the Office of the Police and Crime Commissioner to support substance misuse (drugs and alcohol) treatment services. Non prescribed functions include substance misuse , stop smoking, obesity and physical activity and also commissioning 0-19 service for families and young people (including Health Visitors and school nurses). Public Health also has responsibility for funding the community Development infrastructure organisation.

Building Control

The Building Control statutory service is a cost recovery fee earning service which sets charges to recover the actual costs for carrying out the main building regulation function. Through a variety of legislation, the service administers and enforces a framework of national technical standards covering the design, construction, extension, adaptation and use of all types of buildings frequented by people. These standards also include provisions for: structural stability, fire protection, means of escape in case of fire, drainage, sound insulation, and ventilation.

Building Control is a statutory service, which regulates the built environment. This includes the health, safety, welfare and convenience of persons in and around buildings, the provision of access and facilities for persons with disabilities and the conservation of fuel and energy.

Concessionary Fares

Torbay Council operates a concessionary travel scheme under powers given to the Council as a Travel Concession Authority (TCA) that are primarily contained within the Transport Act 1985, the Transport Act 2000, the Travel Concession (Eligibility) Act 2002, and the Concessionary Bus Travel Act 2007. These are national, statutory schemes.

The scheme provides a travel facility for persons of or above a certain age or who have a long term or permanent disability which affects their ability to get around. This facility lets them travel freely on services starting between 9:30 and 23:00 during weekdays, or all day on weekends and public holidays, on participating services. A negotiated cost per trip is paid to the operators by the council each month based on the number of trips taken.

Spatial Planning

Spatial Planning is responsible for regulating the construction of the built environment whilst promoting sustainable development. The service is also responsible for dealing with planning applications, appeals and enforcement, planning services and also incorporates Land Charges. Strategic Planning covers the statutory and advisory role of Strategic and Local Planning, Transportation and Environmental Policy / Sustainability. This includes preparation of input into the South West Regional Spatial Strategy, the Council's Local Development Framework, Local Transport Plan, Transport delivery reports, Climate Change, Sustainable Energy and other strategic plans and policies plus associated policy implementation and research, monitoring and project management.

Highways

This section of the budget provides statutory duty in discharging the Council's Highway Authority functions in managing and maintaining the highway network, street lighting and public rights of way. This includes road maintenance, restructuring, resurfacing and surface dressing. It is also responsible for the control and movement of vehicles, development and implementation of transport policies and schemes in support of the Local Transport Plan, also improving road safety which includes school crossing patrols.
