## Awful

This was once a busy and thriving little shopping area. Now it just smells of wee and I should think is only used as a short cut from Hyde Road to the post office. if there was an zero option for ratings, it would have had that, not because there was any redeeming feature to list it to above terrible. Sadly it follows from the majority of Torquay and Paignton, unless you like a gamble, then the worlds your oyster.....

## It used to be so good.

Before everything went out of town it was OK down there. Clark's has gone,they hand a Clark's second down there,the co-op has gone,it is not worth going down there now.

## **Words fail me to describe this horror!**

Dead as a dodo. Even the craft shop is moving across the road. If it wasn't for the multistorey they could pull it down and no one would notice.

## Don't bother.

The sooner this so called 'shopping centre' and its multi storey car park are demolished and the site redeveloped, the better.

Paignton deserves better than this.

## Grim

Lots of deserted shops. Don't bother visiting the shopping centre and the town are completely grim. I would not recommend Paignton at all.
