Excellent, joined-up care for everyone

SEND Reforms – Preparing for Adulthood

Objectives

1. Identify barriers to multi agencies, providers and parents working together, and create solutions.
2. Ensure that early transition planning is in place for all young people with an EHC plan, focusing on positive outcomes and how to achieve them.
3. Create a process that ensures all of the right people are involved at the right stages of transition.
4. Ensure that young people and parents are at the centre of planning for their future and fully involved at all stages.
5. Develop processes to ensure local Further Education colleges and Independent Sector Placements work to develop blended support.
6. Ensure that preparing young people for employment is part of the process.
7. Review and critique the draft EHC plan created by the EHC task group, ensuring the plans meet the criteria outlined in the draft regulations.
