

# FILM TORBAY

A guide  
to filming  
locations

# FILMING IN TORBAY

Torbay is home to the annual English Riviera Film Festival and embraces a number of small, historic towns and villages. These include Brixham, Paignton, Torquay, Cockington and Churston along with a number of urban neighbourhoods spanning from 1900s to the modern day.

There are over 400 hectares of attractive parks and countryside spaces include heritage parks, urban play areas, and ancient woodlands. We are a Unesco Global Geopark, and offer miles of beautiful coastline, including marinas, harbours, beaches and coves.

For those looking to film in the borough, Torbay is open for business and well connected. London and Bristol are easily accessible by rail or car and Exeter Airport just half an hour's drive away. The A38 and M5 motorways are only 15 miles away.

## Benefits of choosing Torbay as a film location

- central point of contact
- help and advice
- obtaining permissions
- suggesting locations

Torbay Council's aim is to work with filmmakers to promote Torbay as a beautiful film location. This location guide is intended to give you an indication of the breadth of filming location opportunities we can offer to production companies. From natural wonders to Victorian villas to contemporary urban architecture.

We will try to accommodate your requirements wherever possible and can offer you support in accessing local amenities for your cast and crew.

Torbay, by virtue of being a coastal resort, can offer film makers a variety of accommodation to suit all budgets. We have restaurants and bars across the bay to meet all tastes and budgets.

Through our subsidiary organisation TDA we can liaise with local landlords, where there is a requirement for storage and/or set building space, or just a base for the crew to work from.
