

CONSIDER (prior to review)

If an EP assessment is necessary
i.e. Does the statement/EHCP still accurately
reflect their needs?

If the child's health needs would benefit from a
review by any healthcare professionals involved

If there are any social care issues to be reviewed
for the child and their family. Are they looked
after?

INVITE

Invite all those involved in planning for the needs
of the child:
Family, health professionals, social care.

ESTABLISH

The parents views and aspirations.
The child's views for secondary phase transitions
and any concerns they may have now and in the
future (good day/bad day)

Who will help
me?

When should I
ask them?

How will I
travel?

How do I keep
healthy / safe?
